Contracting for Other Government Agencies

1. In responding to paragraph 2 of reference (a) request, the Office of Logistics (OL) used the clarification furnished by Ms. Zeune during a meeting on 10 November 1975, i.e., "provide a list of all accommodation procurements made by the Agency for other U.S. Government agencies where the other agency is the sole beneficiary of the procurement."

2. Using the clarification cited above, a review of OL procurement files reveals that there are no procurements which fall within this criteria. During the period in question, FY 1974 - FY 1976 to date, the Agency made 11 procurements on behalf of other U.S. Government agencies (five in FY 1974, six in FY 1975, none in FY 1976 to date). All of these procurements were originated by NPIC in support of Army, Air Force, Navy and DIA photo interpretation programs. All of the items procured were either items that CIA had under contract or are common usage items and were part of a joint Intelligence Community contract procurement to obtain a more favorable price (based on quantity ordered) from the various vendors.

3. Re paragraph 3 of reference (b) request, the same information provided above also applies to the Agency contracting for other Government agencies; there are none, excluding the National Reconnaissance programs.

Executive Officer, OL
